

WEDNESDAY IS DR. HYATT'S FORECAST

Although It Tried to Rain Wednesday, Weather Man Can See Nothing but Sunshine.

WEDNESDAY TEMPERATURES.

Minimum 32 degrees
Maximum 44 degrees
Mean 38 degrees
Above normal 6 degrees
Forecast for Thursday: Fair, with rising temperature.

The weather man was undoubtedly in an unsettled frame of mind Wednesday, as all day heavy clouds hung over Salt Lake City. Toward midnight it rained slightly. The temperature in the past few days has been on the steady rise and the clouds and sprinkling of rain to end the old adage "April showers bring with them May flowers."

The eastern low pressure was central Wednesday morning over Ohio and covered the states east of the Mississippi. Another area of low pressure appeared on the north Pacific coast, and advanced slowly eastward. High pressure, accompanied by fair weather, prevailed from the Rocky mountains to the Mississippi valley. While considerable cloudiness existed throughout the low pressure districts, the precipitation has been light.

Accompanying the eastward movement of the northwestern low pressure, fair weather with rising temperature will prevail in this locality Thursday.

The record at the local office of the United States weather bureau for the twenty-four hours ending at 6 p. m., Wednesday, was as follows:

Temperature at 6 p. m., 37.
Maximum temperature, 44.
Minimum temperature, 32.
Mean temperature, 38, which is 6 degrees above normal.

Total excess of temperature since the first of the month, 21 degrees.
Accumulated excess of temperature since January 1, 238 degrees.

Total precipitation since the first of the month, trace, which is .18 of an inch below normal.

Accumulated excess of precipitation since January 1, 1.68 inches.
Relative humidity at 6 p. m., 65 per cent.

Wants Maiden Name.

Sophia Mellen is tired of that name after bearing it two years and wants her maiden name of Johnson back. She also wants an absolute divorce from Harry L. Mellen, to whom she was married at Minneapolis, Minn., February 1, 1907, on the grounds of desertion, occurring about a year ago. Mrs. Johnson also demands the costs of the case.

Baby Laugh

It belongs to health for a baby to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy.

POLICE COURT CASES

Three extra benches had to be placed within the prisoners' rail in police court Wednesday afternoon to accommodate the defendants, mostly of whom were men charged with vagrancy.

The road repairing force, by the decisions passed by Judge Bowman, was increased by ten.

John Gorsh entered a plea of not guilty to vagrancy, but when Sergeant Beckett and Policeman Grundvig took the stand and told that the prisoner was in the habit of hanging about saloons, and had not been known to do any work for over a month.

Judge Bowman sentenced him to seventy-five days at hard labor in the city jail.

The following men were all found guilty of vagrancy and each given a sentence of thirty days in jail: Joe Gonzales, John Arnesen, Conrio Gonzales, Ludvig Law, Francisco Lores, Oscar Carlson, John Cleon and Emmett Hill.

The following men were also found guilty of vagrancy, but on motion of Assistant City Attorney Rogers were allowed twenty-four hours in which to leave the city: R. W. Smith, Jim Allen, Ernest Jones, Thomas Jackson, P. Womack, John Mockey and Mat Sheroh.

John Bull, an old-timer in police history of this city, asked no favors of the court, but pleaded guilty to drunkenness and took a ten days' sentence in jail with a smile. John is getting along in years, and isn't very spry, but it is said he can pick up three or four wheelbarrow loads of rocks a day.

S. S. Lee, a Chinese, was found guilty of drunkenness, but as it was his first appearance in police court, he was released.

Andy Royal, charged with disturbing the peace, pleaded not guilty, and his trial was set for Friday afternoon.

NOTES OF "U"

Dr. R. H. Bradford spent Wednesday with the sailing boats west of Garfield. Like the others who took the trip, Dr. Bradford was greatly impressed with the immense value of the deposits which are expected to become the property of the university.

Squire Coop, professor of music at the university, has been ill for a couple of days. He is reported as improving, however.

Prof. G. A. Overstrom has returned from a ten days' trip to northern Idaho, where he made examinations of a number of concentrating plants for salt lake people interested in the properties. He says that he has some very valuable data on the concentrating of carbonate ores.

The senior class pins which were made by an eastern firm have arrived in the city and are ready for distribution. They are 14-karat gold, with pearl settings, the body being a large block "C". The class numerals and the insignia of the department from which the student gets his degree are in the center.

Prof. E. H. Beckstrand announces that the bulletin on "Road Materials," the idea for which he has been collecting for the past three months, will be ready for distribution this week.

As Advertised.

I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and found it to be all claimed for it in the advertisements. Three of the family have used it with good results in summer complaint.—H. E. Howe, publisher of the Press, Highland, Wis. For sale by all druggists.

GREEK NEWSPAPER STRIKES THE ROCKS

Sheriff Sharp was made the defendant in a suit filed in the third district court by the Western Printing company Wednesday, to recover \$125.49, due on a judgment against Peter Shores, publisher of a defunct Greek paper, which Sharp is alleged to be unlawfully retaining. Shores' other creditors are also claiming for money. Leon Skirris has a claim for \$400 against the paper and Assistant County Attorney Aaron Myers holds a chattel mortgage on the plant, which has been sold. Several workmen hold unsatisfied claims for services rendered, too, with only something like \$500 left to satisfy all the creditors.

HIGH SCHOOL NOTES

A special meeting of the high school congress was called Wednesday morning by Principal Eaton, for the purpose of helping the committee on distribution and proportionment. The constitution reads that all members of the congress shall not hold office at the same time, and for this reason the list of members was read and the names of those who would serve were checked off. The work of the committee is to divide the membership for the different offices, and this must be done before the Friday afternoon meeting, when the appointments and elections take place. The committee will meet with Principal Eaton Thursday afternoon, when all work will be completed. Grace Bird was selected as temporary secretary.

The annual state high school oratorical contest will be held at the university, April 5, in which each high school in the state is expected to be represented. Each school is allowed one representative, and in selecting the one, considerable parliamentary work will have to be done prior to the final try-out. The high school won second place last year and will try for higher honors this year. An announcement was made at the meeting of the congress Wednesday that all students who expected to enter the tryout should register at once at the office, as the final tryout comes off the last Monday of the month, one week before the contest.

In making the list of eligible students for membership to the congress, it was found that a number were overlooked. The list of names numbered 183, but this will no doubt be increased to 225. The doubtful students were mostly from the junior class, so this will bring the two classes more on an equal basis.

Two classes have recently been organized for the purpose of reviewing the senior students, who expect to graduate this spring, for the final examinations in arithmetic, spelling, grammar and geography. The examinations are recent requirements for graduation. I. D. Travis is instructing in the reviews. All books that have to be used will be furnished by the school.

After a delay of almost two years things have finally been arranged whereby the boys of the schools will have a share in the gymnasium. During the past few days all boys who wished to take gymnasium work signed up with Professor McNeice, and four classes have been organized, with a total membership of eighty-five.

Word has been received by Principal Eaton from Fred C. Richmond, donor of the Fred C. Richmond medal for the best all-around athlete at the school, to the effect that the medal will soon be presented to the athletic association. The medal is being made by T. T. T. & Co. of New York and will be very elaborate.

The executive committee of the junior class meets Thursday afternoon to discuss plans for the class dance to be given in a short time.

The flagpole on the campus has been overhauled and given a coat of white paint.

The athletic directors will meet Friday to arrange for some sort of an emblem, to be given to the members of the basketball team. Manager Fitzpatrick has put in a request for caps and an athletic letter.

The committee in charge of the cadet dance again met with Captain Webb and worked on plans for the dance. The dance will no doubt be one of the social hits of the year.

The cadet band is still working hard in preparation for the concert that is to be given in a few weeks.

FAMILY CARES

This Information May Be of Value to Many Mothers in Salt Lake City.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the mother's burden will be lighter and her home happier.

Mrs. J. S. Benson, living at 445 West Eighth South street, Salt Lake City, Utah, says: "Doan's Kidney Pills have been used in my family for years. Many members have used them, and the results were remarkable. When one of my children was troubled with a weakness of the kidneys, I procured a box of Doan's Kidney Pills at F. J. Hill's drug store and they gave the best of results. I can heartily recommend them to anyone suffering from kidney trouble in any form. Doan's Kidney Pills are reliable, and I am glad to give them my indorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for United States. Remember the name—Doan's—and take no other.

Is guided by reason,—not by prejudice. To win her favor you must appeal to her intelligence. You must "deliver the goods."

We say that today the best at any price is

KC BAKING POWDER

and we tell you why.

Here is the reason:

K C does most perfectly the things for which a Baking Powder is used.

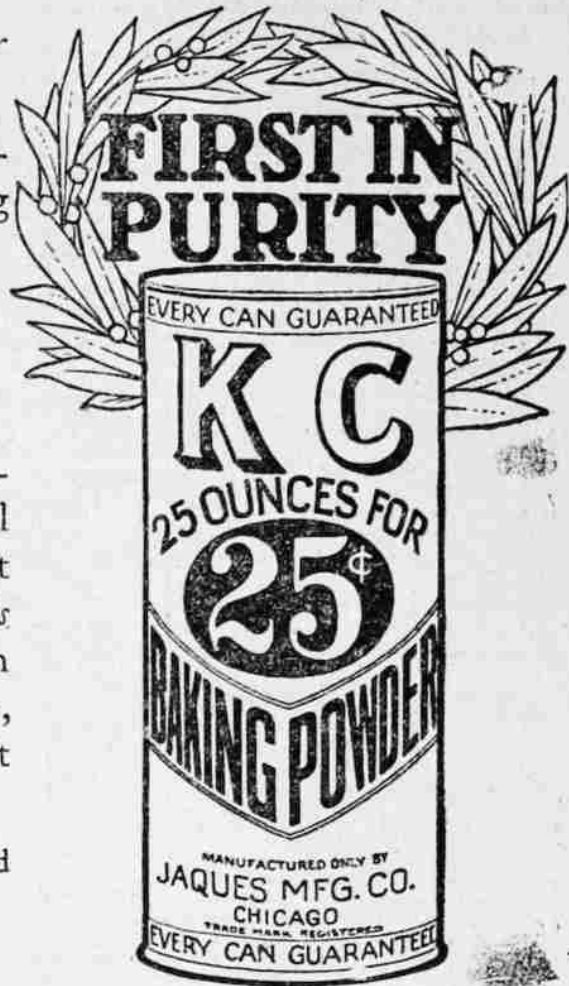

What must a perfect Baking Powder do? It must produce a baking that is:

1. Perfectly raised
2. Sweet and palatable
3. Pure and wholesome

This is the whole story,—no baking powder can do more. K C will do it better than any other and do it every time. The woman of reason is open to conviction. Get a can from your grocer,—25 ounces for 25 cents, and get your money back if it isn't better.
